

R E M A R K S

The above amendatory action has been taken to overcome the Notice of Non-Compliant Amendment.

In this regard, claims are resubmitted herein in which claims 52, and 54-62 have been correctly designated as "currently amended" instead of "previously presented" as submitted in the last filed amendment.

It is requested that examination now proceed on its merits.

Respectfully submitted,

JULIAN H. COHEN
